

7th Scandinavian Advanced Obstetric Anesthesia Training Program 2022-2024

An advanced education program for specialists in anesthesiology, with a special interest in obstetric anesthesia, from the five Nordic countries.

The program lasts two years and consists of:

- Clinical training, working in one or two departments of anesthesia, at least one with a special division for obstetric anesthesia
- Four SSAI courses in various Nordic countries and participation in the SSAI Congress 2024
- A four-week exchange program in a foreign country
- Research project

Preliminary course dates:

- Sweden Sept/ Oct 2022
- London Nov 2022
- Copenhagen May 2023
- Helsinki Jan 2024
- SSAI Congress 2024

After fulfilling the Advanced Education Program, the candidate will be awarded a SSAI Diploma in Obstetric Anesthesia

For further information and contact-details, please check SSAI website: www.ssai.info

Application deadline: 1 March 2022
Program start: 1 September 2022
