

Preparation for the Leadership in Times of Change course

Dear SSAI participant for the virtual session: Leadership in Times of Change

On the 8th of November 2021 we will meet **virtually** on Microsoft Teams from 5 PM to 7 PM CET, and we are looking forward to that. For the session we kindly ask you to prepare a **Personal Change Case**.

It can be a project you are about to implement, or maybe a change that you are already working with. The most important thing is that it is a change you are involved in implementing.

Please describe the case by answering the following questions:

1. What is the change about? Why is the change initiated and who will it concern/affect?
2. How do you feel about the change yourself?
3. What has been done so far?
4. Which reactions have you seen from people involved?

Please write down your answers in a power point or word document and have your answers ready with you, when we meet virtually on the 8th of November.

We look very much forward to meeting you on Teams.

Best your Implement Team

Klaus and Rikke
